Several criteria are measured when selecting the Junior Golfer of the Year. Competitive record, support of the junior program, and sportsmanship and character are the primary factors weighed in determining the selection of the honoree. The example set by the older players has been an important part of the success of the WMGA junior program. Year after year our players 'graduate' from the program and are followed by other young players who achieve and maintain the high standards set for them by the group before. The WMGA is fortunate to have had, for generations now, young people who represent their families, schools, clubs, and the Association in an outstanding manner at the local, state, regional, and national levels. The annual honoree carries forward the traditions of the WMGA junior program.
