* In the 1956 DC Amateur at Chevy Chase Club, Brownell won his first match (versus William McFerren from Manor by default due to injury) for his **54th successive victory** in the DC Amateur and then lost on the 20th hole in the second round to the ever troublesome Anthony “Perky” Cullinane, thereby ending the longest match play victory streak in the history of local, state, and regional amateur golf in the United States. Thereafter, Brownell did not play in another DC Amateur. He thus won 54 out of the 55 DC Amateur matches (11 of 12 championships) in which he played – a match winning percentage of 98.2.
